Pomp, Abraham Rogerius, Jacob van Heemskerk, Jan Cornelisz. Rijp, Hendrik Ottsen, Mahu en de Cordes, Hessel Gerritsz, Nicolaus de Graaff, Willem Barents, Hendrik Ottsen, Abel Jansz. Tasman, Olivier van Noort, Joris van Spilbergen, Ketelaar, Jacob van Neck, Wybrant Warwijck, Dircq van Adrichem, Jacob le Maire, Willem Cornelisz. Schouten, Pieter van den Broecke, Bontekoe, Herndriksz. Quast, Paulus van Caerden, Pieter Willemsz. These companies (the VOC was the world largest trading and shipping company) and private entrepreneurs played a major role in European expansion, one of the most significant processes in world history of the last five hundred years. The Dutch traded far into the remotest corners of the world and the exotic objects they brought home changed everyday life in Europe.

The battle of Trafalgar, naval engagement fought off Cape Trafalgar on the SW coast of Spain on October 21, 1805, in which the British fleet under Horatio Nelson won a famous victory over the allied French and Spanish fleets under Pierre de Villeneuve. Nelson's strategy was to divide his own fleet into two sections, one led by himself in the *Victory*, the other led by Cuthbert Collingwood in the *Royal Sovereign*, and to penetrate the enemy line in two places. This maneuver resulted in the capture of 20 enemy ships (one was blown up). The British lost no ships. Among the dead was Nelson himself, struck by a bullet from the French ship *Redoutable*. The decisive English victory ended Napoleon I's power on the sea and made a French invasion of England impossible. The words signaled by Nelson at the beginning of the battle 'England expects that every man will do his duty' became immortal. This 'newsletter' was published in November, a month after the battle. - Rare.

entirely on documents of the Royal Archives. It is the more important as many of  
these documents were consumed, after the publication of the work, in the great fire of  
1853, which destroyed a part of the Archives. Its value for the American collector  
needs not to be specified, as it contains very ample material for the history of the  
West-India-Company, the early expeditions to America, the wars with the Spaniards  
and Portuguese there, and the transmarine colonies. Many of the fine portraits are  
taken from old pictures, drawings, and very rare plates, not known before' (*Muller,
